Subject: Fw: AX-11-002-0150 Demand justice and clean water for Dimock PA residents afflicted by fracking

Mike and Amy -

We got one email like this for response...the Administrator's office also sent along 79 of the same email from other citizens, but just as FYIs.

Text of incoming is below. Thoughts on coordinating a response would be appreciated. Response would be for DD signature.

Jennie

It wasn't a flood or natural disaster that left 18 families in Dimock, PA without drinking water. The disaster in Dimock was created single-handedly by the Cabot Oil and Gas Corporation's use of the hazardous gas drilling technique known as fracking.

On November 30th the Pennsylvania Department of Environmental Protection will allow the company to halt delivery of water to affected families, leaving them with only the toxic, flammable water that has made them ill. This is unacceptable. You must act now to stop this travesty of justice from taking place.

We call on you, Pennsylvania Inspector General Kenya Mann, to investigate the Pennsylvania DEP's failure to hold Cabot Oil and Gas accountable for water contamination and harm to Dimock residents; and you, EPA Administrator Lisa Jackson, to intervene and regulate fracking operations in the State of Pennsylvania, because the state has abdicated its responsibility to its citizens.

Jennie:

Was getting ready to assign to WPD but I thought I'd better double-check b/c I think HQ was questioning if R3 is the lead on this or OW and they came back saying R3 but I wasn't here to forward any of that to you. Can you check it out before I fire it off to WPD?

Thanks,
Jeannine
